

ACTIVINSPIRE TIPS & TRICKS

Embed Tool:

The Embed tool in ActivInspire allows you to embed widgets, web 2.0 tools, and internet games... any web-based tool that has html code.

1. Go to the widget, web 2.0 tool, internet game, etc. and get the embed code (COPY it)
2. Open ActivInspire and create a new flipchart
3. Click **Insert**
4. Select **Link**
5. Select **Embedded HTML...**
 - a. If you do not see this tool, you need to update ActivInspire (Help – Check for Updates)
6. In the new window, right click in the box
7. Click **Paste**
8. Click **OK**

Your widget, web 2.0 tool, game, etc. will then appear on the page!

NOTE: If you are in Edit Mode (orange), your tool will not load. Be sure you are in Presentation Mode (blue).
