

# ACTIVINSPIRE TIPS AND TRICKS

## ***Magic Ink***

Magic Ink is used to “see” through objects placed on the top layer.

### ***Setting Up the Page for Magic Ink***

1. Add all text, shapes, images, or objects to page and place where desired.
2. Arrange all objects in desired location.
3. The object that the magic ink will erase should be moved to the top layer using the ***Object Browser***. Select the object and drag it to the top layer.

### ***Using Magic Ink***

1. Go to **Tools, Magic Ink**.
2. The cursor changes to the magic ink icon.
3. Click and drag to erase through object on top layer.
