

# ACTIVINSPIRE TIPS & TRICKS

## ***TickerTape:***

A tickertape message will run across the screen non-stop even when Inspire is minimized. Once it is on, it will remain active until you turn it off.

1. Open ***ActivInspire***.
2. Go to ***Tools, More Tools, TickerTape***.
3. In the TickerTape window, enter the text and format the font.
4. Add a drop shadow and select color if desired.
5. Set background color or leave as the screen background.
6. Select position of tickertape message.
7. Leave ***Loop*** selected to have the message scroll continuously.
8. Click ***Ok***.
9. The ***TickerTape Speed*** window will appear.
  - a. Adjust the speed using the slider.
  - b. Press the ***Pause*** icon to stop the tickertape.
  - c. Click the ***ellipsis*** to open the TickerTape window.
  - d. Click the ***x*** to close the tickertape speed window and stop the tickertape.
