

Import to Convert a PowerPoint Presentation to an ActivInspire Flipchart

1. Open the ACTIVstudio software
2. Click on the **Main Menu** (Promethean Man)
3. Choose **File**
4. Choose **Import**
5. Choose **Powerpoint as Objects**

6. **Browse** to find the Powerpoint file on your Computer
7. Double click on the desired file (each slide will import as a page)
8. Click File and Save to name and save the new flipchart on your computer.
